

Data Controller Console

WebEx Training Every Thursday from 1-2pm

The data controller console is a new online system which aims to make it easier and more efficient for Health and Care organisations in London to store, update and track the status of information sharing.

The Console will make the process of creating, agreeing and updating information sharing agreements more efficient and less time consuming.

Benefits of using the DCC

Local Digital Roadmap

- ✓ Decreases paper in the system
- ✓ Streamline data sharing process
- ✓ Enable organisations to sign up to agreements on mass i.e. STP wide ISA's
- ✓ Reduces duplication in the system by encouraging and supporting 'club' sharing

GDPR

- ✓ Increase visibility of agreements and processes between organisations sharing information
- ✓ Allows organisations to track their data flows and relationships
- ✓ Increases visibility of sharing and governance between organisations
- ✓ Tracks, reports and monitors information sharing agreements
- ✓ Organisations and citizens will be able to express their sharing preferences at a more granular level

WebEx training dates

The DCC WebEx training sessions are every **Thursday at 1pm**
April: 5th, 12th, 19th and 26th
May: 3rd, 10th, 17th, 24th and 31st
