

Request Access to Other Available ISAs

You can request access to an ISA if it's been made available by the host Organisation. Once the host organisation has accepted your request to participate, you will have read only access to the ISA.

- 1. Click on 'ISA Management' tab. The 'ISA Management' screen is displayed with the 'My ISA Management' tab in focus
- 2. Click on the 'Available Data Sharing' tab to select it. The ISA 'Available Data Sharing' screen is displayed with a list of the available ISAs from other organisations that have made their agreements available to join
- 3. You can then use the search functions to filter for agreements by the following; 'Agreement Title', 'Organisation Name', 'Keyword' in the ISA description, and to filter by 'Organisation Type' and 'Region'
- 4. Type in your selected field and then click **Apply filter** (Apply Filter) button or press the 'Enter/Return' key on the Keyboard
- 5. To clear the fields and search again, select the **Clear Filter** (Clear Filter) button. The Search results are displayed
- 6. Select the desired ISA from the search results by clicking on the 'Title'

Caution: If you click on the organisation name, the profile of the organisation that created the ISA will be displayed and not the ISA details. The 'ISA - Registry > Edit Details' screen is displayed in read-only mode.

Title 🌗	Viaitham Forest East Landon and the City overanding IBA
Background	This is the new overarching agreement for the health and social care providers in CDy & Hadney CCG, New Hamlets CCG and Waltham Ferest CCG. All of the detail for what is being shared is in Appendix A which starts on page 17. Each provider will have their own page (with the WELC OP Practices being grouped together as a whole for some agreements and grouped together into one CCG for others). Each provider page will detail who the provider is sending the data, what mechanism they are using for sending the data (eg EMIS to EMIS sharing or using the east London Patient Record to facilitate the sharing), what data terms are being sent to each category of staff (with details on what distinguishes the categories on page 10), to which organisations the provider is sending this data and then details of who within the provider will recore the data leing sent back the other way spill again into those three categories.
