

Child Death Review Process Workshop

Date and venue will vary for each London sector

Aim

The Child Death Review Statutory and Operational Guidance was finalised and published in October 2018. Following on from a previous HLP workshop focused on the new responsibilities regarding Child Death Review Meetings on 20th June 2018, HLP will be running five further free-to attend workshops to support new Child Death Review Partners understand the new requirements of them as outlined within The [Children and Social Work Act \(2017\)](#) and subsequent [Child Death Review Statutory and Operational Guidance](#). This is pertinent as the transition to these new arrangements must be completed by 29 September 2019.

HLP is running one workshop for each sector in London with the intention of bringing together colleagues from those regions to discuss how the new Child Death Review process, in particular the organisation of the new Child Death Review Meetings, will work in their area. The workshops will be led by Drs Ronny Cheung and Donal O'Sullivan, Clinical Director and Clinical Advisor for the HLP Child Death Review Programme. The workshops will share initial considerations and learning from across London, provide an opportunity to work through practical child death review scenarios, and offer a forum for discussion.

Who these workshops are for:

Those responsible for and involved in the new Child Death Review Meetings in trusts across London including:

- Acute and mental health trust clinical directors
- Acute and mental health trust morbidity and mortality leads
- Paediatric staff from community and mental health services
- CDOP Chairs and coordinators

Learning outcomes:

1. Understand the new child death review process, specifically the new requirements for trusts to conduct Child Death Review Meetings
2. Understand the key roles and responsibilities of the various bodies involved in the child death review process, including the Child Death Review Partners, Child Death Review Meeting, Child Death Overview Panel and Key worker
3. Work through a number of child death review case studies
4. Be aware of the configuration, resourcing and practical considerations taking place across London to meet the new child death review requirements
