12th December 2019

Connecting Care for Children:

A partnership between CCGs, hospital & community health providers, GP federations & networks, local authority, charity, patients, citizens and more

Your Children & Young People Network

STARTING WITH PATIENTS

“My health visitor told me to do one thing and the hospital told me something else.
It’s confusing.”

“I only found out how to use my son’s inhaler properly when he had an asthma attack and was on the children’s ward”

“No one seems to know who’s doing what. My [severely disabled] son has 3-4 appointments a week and I don’t think any of these [professionals] talk to each other!”

“I think young people need help” – a practice champion who supported mindfulness training for her local community

“I prefer to see my GP – I know him and he’s looked after all my family for years”

NHS

Volunteer for your local community

become a Practice Champion and
help shape children's healthcare

Your Practice would like to invite you to join us as a Practice Champion. We want to improve the healthcare of children and young adults in our community. Practice Champions use their experience, skills and passion to help design healthcare services for children and families. Training will be provided.

For more information please ask for a volunteer application form at reception or call/text Bea on **07852176747**

**PRACTICE
CHAMPIONS**

STARTING WITH PATIENTS

- <https://vimeo.com/117572439>
- A short video showing the launch party for a group of **Practice Champions** in North Kensington. During the event a piece of theatre showed a simulated acute asthma attack and illustrated how Champions might change the system in order to improve child health outcomes
